## ABOUT ME

A motivated and detail-oriented Frontend Developer with over 3 years of experience and a strong passion for creating responsive, user-friendly, and visually appealing web applications. Committed to delivering high-quality and maintainable solutions, solving complex problems, and continuously improving skills. Experienced in collaborating on real-world projects and turning design concepts into functional and engaging user experiences.

## EDUCATION

Azerbaijan State Oil and Industry University | 2024 - 2026

### **The Master of Business Administration (MBA) in Business Informatics**

Focused on the intersection of business strategy and information technologies, including data management, information systems, digital transformation, and IT-driven business solutions.

Code Academy | April 2023 - July 2023

### **Advanced Frontend Development**

Completed an advanced frontend development program with a strong focus on building scalable and high-performance user interfaces. Worked on real-world projects emphasizing clean code, responsiveness, and performance optimization.

Algorithmics Academy | September 2022 - January 2023

### **MERN Stack Development**

Completed a comprehensive MERN stack development program covering MongoDB, Express.js, React, and Node.js. Built full-stack web applications with RESTful APIs, authentication, and database integration, focusing on clean architecture.

Azerbaijan State Oil and Industry University | 2020 - 2024

### **Bachelor's in Information Technology**

Completed a Bachelor's degree in Information Technology, gaining hands-on experience in software development, databases, and information systems, with a focus on practical problem-solving.

## LANGUAGES

- Azerbaijani – Native
- Turkish – Native
- English – B2 (Upper-Intermediate)

## EXPERIENCE

Birsayt.az | June 2024 - Present

### Full Stack Developer

Currently working as a Full Stack Developer, contributing to both frontend and backend development. Build responsive, user-friendly interfaces while ensuring seamless integration with backend systems and delivering high-quality, maintainable solutions.

GUYS Group | January 2024 - June 2024

### Frontend Developer

Worked primarily on frontend development while collaborating closely with backend teams. Built responsive and user-friendly web interfaces, implemented features based on project requirements, and ensured seamless integration with backend services.

TEZISH | October 2023 - April 2024

### Software Developer

Worked on web and mobile applications using a no-code platform, developing functional and user-friendly solutions. Gained experience in building projects from concept to deployment, improving problem-solving skills, and high-quality applications.

IT Brains Academy | June 2023 - October 2023

### Frontend Mentor

Worked on real-world frontend projects, building responsive and user-friendly interfaces. Gained experience translating designs into functional layouts and improving problem-solving skills.

---

## CERTIFICATES

Code Academy | August 2023

### Advanced Frontend Development: Honour Degree

Microsoft | May 2022

### Microsoft Technology Associate | MTA Certification

---
